Dear Minna,

At the outset, Thanks to you & your Team for Successful conduct of vision zero summit@ Helsinki yesterday, concluding with A Field Visit to Construction Site.

It would be great & Useful if you can send to each participants Summary of Proceedings of Each Day with Photographs to Speakers also. This will help in taking up further works involving vision zero, particularly in Developing countries which badly require A CULTURE of Safety Health & Wellbeing, particularly in my country India. As rightly brought out by various speakers and if I can summarize- Vision Zero helps in Wellbeing of Worker, Individual, his/her Family and A Prosperous Economy due to Safe Healthy work Environment, besides Saving A Life & Huge Financial Resources which otherwise goes for Costly Medical Treatment & Compensation by Stress on Prevention.

Thanks once again,

With Cheers,

Sahu,

IGFP,
